

CAPABILITY STATEMENT

Hospitality & Entertainment Capability Statement

Hotels, resorts, arenas, and venues. Guest-occupied scanning. Brand-standard interiors.

INDUSTRY OVERVIEW

Hospitality and entertainment facilities are revenue-generating environments. Every hour of disruption has a dollar cost. Scanning crews that can't work around guests, events, and brand standards are a liability — not a partner.

Our hospitality practice covers luxury hotels, convention centers, arenas, theaters, and mixed-use entertainment venues. We coordinate with operations teams to capture occupied properties during low-impact windows and deliver documentation that respects brand-sensitive interiors.

CORE SERVICES

- 3D Laser Scanning & Reality Capture
- Scan-to-BIM Modeling (LOD 200 – 500)
- BIM Coordination & Clash Detection
- MEP Detailing & Prefab-Ready Models
- Digital Twins & As-Built Documentation

TYPICAL DELIVERABLES

- Guest room and suite scanning for renovation planning
- Convention and event space existing-conditions capture
- Arena and theater MEP and theatrical systems modeling
- Back-of-house infrastructure documentation
- Digital twins for facility management and capital planning

SPECIALIZED CAPABILITIES

- Guest-occupied and event-scheduled scanning protocols
- Brand-sensitive photography and documentation standards
- Theatrical, AV, and specialty systems modeling
- Coordination with operations, events, and brand teams
